CHAC | CT HEALING ARTS COLLECTIVE

CHAC IS FOUNDED IN HONOR OF OUR ANCESTORS, WITH WHOLE RESPONSIBILITY TO OUR PREDECESSORS.

CT Healing Arts Collective, CHAC, was co-founded in early 2023, later re-imagined and launched by original founding partner, Christine Mola | The Bloom Center of Farmington. CHAC's founding purpose is to enter and establish a fresh, purposefully engaged collaborating group within the Central CT Holistic Health & Wellness Community and surrounding regions.

Giving respect to the Ancestral Energy that encompasses this universe, we enter our time of healing from, individually and collectively, the Generational Trauma infused and to create safe spaces and platforms to Live, Learn, and Thrive for generations to come. CHAC is not one person or person(s), but a collective community of leaders, forward thinkers, and compassionate individuals working in conscious effort to forward the movement of Love, Light, and Peace.

In 2023/2024, CHAC joins an extensive collection and community of CT professional holistic groups; we look to the future as becoming one these great opportunities of getting to know one another on a forward thinking, non-competitive platform. Diversity, Equity, and Inclusion are values we hold tightly and respect greatly as we support the MANY in our Journey. WE ARE IN THIS TOGETHER.

CHAC GROUP DESCRIPTION

CHAC is a group of like-minded individuals thriving in the CT Holistic Health and Wellness Community as professionals, healers, practitioners, and individual spirit seekers collaborating in a collective effort to improve the quality of life for all whom seek to improve their own lives and personal journeys through community and connection. CHAC hosts social events, professional showcases, educational events, and The CHAC Forum, for its members and guests to share their experiences, products, and services with the community to enhance the overall message of collaboration within business and community. And...to have some FUN in a sometimes way too serious world! LOVE is the answer.

CHAC Initiatives

CHAC strives to develop and implement supportive sources for ALL generations of humans searching for healing, growth, and resources to complement and assist on their journey.

We give emphasis to our Youth and Seniors. Our Youth are in need more than ever of assistance in navigating a world of incredible chaos, and to learn their own Given Worth and Purpose to have value and truth in this lifetime.

Many of our Seniors have suffered greatly by the hand of ancestral cultural energy, of all kinds, and offering healing and comfort to our Seniors in a collective and individual capacity will offer them the ability to be the best versions of themselves as their final human life chapters begin to unfold.
